UDAIPUR , RAJ

SUMMARY

Aspiring technologist with a strong foundation in Computer Science and Mathematics, passionate about problem-solving, innovation, and continuous learning. Competitive deadlifter with proven discipline, resilience, and consistency, bringing a focused and analytical mindset to both academics and technology. Motivated to contribute effectively in challenging and growth-oriented environments.

SKILLS

Technical Skills: Computer Science Fundamentals, Mathematics, Data Science Fundamentals, Data Analysis, Problem Solving, Analytical Thinking, Research Skills

Programming & Technology: Programming Concepts, Data-Driven Decision Making, Intelligent Systems, Technical Project Collaboration, Basic Web Development

Professional Skills: Communication Skills, Team Collaboration, Leadership, Strategic Decision-Making, Critical Thinking, Adaptability, Time Management

Personal Strengths: Discipline, Resilience, Consistency, Continuous Learning, Goal-Oriented Mindset, Perseverance Under Pressure, Self-Motivation

Additional Strengths: Competitive Deadlifting, Academic Excellence, Global Mindset, Mentorship & Community Support

PROJECTS

NYC Taxi Demand Prediction (ML) Capstone

- Built PySpark model predicting demand across zones and time
- Visualized insights using Python tools

Dash-AI – Marketing Analytics Platform Capstone

- Built SaaS platform for analytics and performance tracking
- Implemented dashboards and usage-based metrics system

Data Visualization Dashboard Capstone

- Built interactive dashboard for dataset exploration and charting
- Implemented structured visualizations using Seaborn and charts

EDUCATION

St. Paul's Senior Secondary School | GPA: 85.4% Class 12
CBSE | Senior Secondary Education India

St. Paul's Senior Secondary School | GPA: 84.6% Class 10
CBSE | Secondary Education India

AWARDS & CERTIFICATIONS

Data Science
Coursework | Data Analysis Udemy

Python Programming
Coursework | Lambda , Matplotlib, Data Structure, Flask, Pandas, Numpy, File Handling Udemy

Web Development
Coursework | HTML, CSS ,JS, React Udemy

ACHIEVEMENTS & CO-CURRICULAR ACTIVITIES

- Active participation in academics and co-curricular activities
- Strong interest in technology and software development

- Self-learning through online learning platforms
- Competitive deadlifting and fitness training
